Item 1 - Call to Order:

Chairman James Frazier noted the attendance of the members; hence quorum was reached, and he called the meeting to order.

Item 2 – Approval of February 2021 Minutes

Mr. Ball makes a motion to approve the minutes as presented. Ms. Harbut seconds. The vote was unanimous, and the motion carried.

Item 3 – Update on ED Activities

A. Executive Director Report

Mr. Means presents the Executive Director Report. LEX**PARK** is now mailing letters to those who are cited in the Transit Center Garage. LEX**PARK** and LPA staff completed QPR training with New Vista. Garage monthly parker billing has moved to a cloud-based platform that integrates with Flash equipment.

B. Operational Reports

Mr. Means presents the March operational reports. The number of actual citations increased from the prior month. The void percentage decreased from the prior month. Meter revenue collected in March was significantly higher than February and in fact March was the strongest meter revenue month of the fiscal year so far. Website visitors also increased from the prior month. Telephone inquiries regarding te garage as garage equipment are increasing as more people are using the facilities and the new equipment. LPA

continues to monitor credit card usage at the meters. In the campus area, about 75% of meter transactions are paid with a credit card versus the rest of downtown which is about 25%.

C. COVID-19 Update

Mr. Means presents the Revenue Stream Comparison report. He notes there was an extra monthly parking payment in January so the drop off in February is not as steep as it appears. He also notes that while February is relatively the same as January, activity will begin to increase in March.

Item 4 - Financial Reports

Mr. Means presents the February financial reports. Mr. Doering reviews variances on the REEF reports. Meter collection revenue and garage transient revenue are Down around \$150,000 under budget for the year. Monthly parking, both On-Street and Off-Street are in good shape as is citations. Commercial property tenants are paying their rent. Year to date LPA is \$106,000 behind budget for all revenues, and nearly half of that is from February. REEF expenses are under budget both month and year to date which helps with overall net position. LPA continues to monitor bank and credit card fees. Ms. Vertuca asks if March revenues are closer to budget and Mr. Means responds that they are. Ms. Hensley asks if LPA is eligible for PPP funding. Mr. Ball responds no and that LPA did work with an attorney to determine eligibility. Ms. Vertuca makes a motion to accept the February financial reports as presented. Ms. Hensley seconds. The vote was unanimous, and the motion carried.

Item 5 – On-Street

A. Curbside Pick Up Spaces/Outdoor Expansion Areas

Mr. Means presents an update on Curbside Pickup Spaces.

B. Lexington Public Library Request

Mr. Means presents a request by the Lexington Public Library to keep their curbside pickup spaces through June. By consensus the commissioners agree.

Item 6 - Off-Street

A. Garage Updates

Mr. Trammell presents the garage updates. The traffic coating was removed from Victorian Square Garage, and the contractor is waiting on a stretch of dry, warm weather to reapply. Courthouse Garage is getting its masonry joins resealed. Concrete work was completed on the stairs.

Item 9 - Visit Lex Updates

Hotel occupancy rates during the Boy's Sweet 16 and spring break were good. It is unknown what affect Keeneland will have since there is a limit on attendance.

There being no further business brought before the Board, the meeting adjourned at 11:15AM.

Lexington & Fayette County Parking Authority Executive Directors Report April 2021

April 30th, 2021

Accomplishments

- Worked with MetroNet to complete the installation of internet service at the Helix on Main Garage and our LPA Offices, we now have Victorian Square and the Helix on MetroNet and the Courthouse Garage on Spectrum, and both the LPA Offices and LEXPARK offices on MetroNet
- Received full LPA Board approval to extend the Outdoor Seating Expansion program at no charge through October 31, 2021

Variance Notes

- **A.** Meter Receipt variance of \$20,236 is due to the ongoing COVID-19 restrictions. The Bag Rental Fees experienced a negative variance of \$4807 primarily due to fewer construction projects in March.
- **B.** Total Payroll expense has a positive variance of \$10,444 this month (\$39,097 YTD) due to not re-hiring staff that vacated their positions.
- **C.** The positive General Supplies Variance of \$11,151 YTD is due to IPS battery replacements, cleaning supplies and fuel expenses being down a bit this year. We anticipate additional expenses in this category the remainder of the fiscal year because we are awaiting a shipment of batteries and other supplies.
- **D.** Repairs and Maintenance has a negative variance of \$3,273 this month due to payment of LUKE controller invoices of \$1652 & \$3284 respectively.

Variance Notes

- A The Monthly positive Variance of \$44,683 is primarily due to Gray Construction paying twice by accident; \$26,285 in the Transit and \$5580 in the Helix. In addition, we gained new monthly parkers at the Vic resulting in a \$1,000.00 increase in revenue there.
- **B** The Transient Variance of \$24,135 is due to the continued poor business climate of COVID-19 and its restrictions. We anticipated more office visitors and better evening business by now. This negative variance % has been consistent each month during the 1st 9 months of this fiscal year.
- C The positive \$11,193 Total Payroll variance (\$106,944 YTD) is primarily due to using fewer garage employees during the Pandemic. We have not replaced 4 full time garage employees due to COVID.
- **D** The \$5363 negative Repairs and Maintenance variance is primarily due to Transit Center sprinkler repairs to Acclerators of \$3451.31 & \$2481.87 for an emergency sprinkler repair. The YTD variance of \$25,641 is primarily due to a Transit \$2900 elevator floor replacement along with a \$1740 elevator room heater plus the \$10k
- **E** The positive EMS/IPS/PBP/CCS Service Fees (aka software applications) variance of \$7060 is due to a refund for an overpayment on the former Scheidt & Bachman service contract.
- **F** The \$8521 Elevator Maintenance YTD negative variance is primarily due to vandalism at the Transit Center Garage.

Hi Gary,

Please consider this email formal request to lease the metered spaces under Kiosk #82509 on the 500 Block of Jersey St located between Pine and Winslow St. We are requesting all 6 spaces beginning 5/17/2021 -thru-8/1/2021. We were recently granted approval and paid for these spaces for the first month (May 17th - June 17th). Receipt attached. We will be using the spaces for dumpster placement and contractor parking for a repair project inside of 500 S. Upper St. My understanding is that you will present this request in a board meeting held on Tuesday May 11th. Please let me know if you need additional information. Thank you for considering.

Garage Updates

Garage Lighting Schemes:

- The garage lighting systems were programmed with a purple scheme for National Crime Victim's Rights Week.
- The garage lighting systems were programmed with an orange scheme for National Workzone Safety Awareness.
- The garage lighting systems were programmed with a green scheme for Earth Day.
- The garage lighting systems were programmed with the standard multicolor scheme.

Victorian Square Garage:

- LPA is consulting with Volunteer Restoration and Walter P Moore regarding the schedule for applying the new
 waterproof traffic coating in the entry/exit plazas up to level 2. The garage must be closed for this repair item as
 no vehicles or pedestrians can be on the coating during the application process. The process is dependent on
 dry and warm weather conditions and will require three days to apply and cure.
- LPA will consult with local nurseries to replace plants in the LIVEWALL system that did not survive the winter. As a cost saving measure, LPA will handle the planting in-house.

Transit Center Garage:

- LPA is consulting with WP Moore and Volunteer Restoration to determine the location for additional drains in the garage. There are several areas of ponding water on levels 5 and 6, creating a safety hazard for garage users, as well as the potential for damage to the concrete deck and post tension cables. The new drains are part of the current repair cycle and will be installed in the coming weeks.
- Volunteer Restoration is awaiting the arrival of new steel step pans that will be used to repair badly deteriorated stair treads in the East stair tower.

Courthouse Garage:

- The replacement of masonry joint sealant on the garage façade is nearing completion by Volunteer Restoration.
- Volunteer Restoration cleaned and repainted a structural steel beam in the secure parking area for judges.
